just issued by Comptroller Green directing the reduction of their salaries, as follows:—All above \$3.000 reduced twenty per cent; salaries between \$3.000 and \$1,500, ten per cent; salaries below \$1.000, ten per cent. It is announced that a reduction in the clerical force will also have to be made. These changes are accessitated in consequence of the deductions made by the Board of Apportionment in the estimates of Comptroiler Green of salaries for his department for the vegs 1876.

FITZ JOHN PORTER'S SUCCESSOR.

Mr. Allan Campbell will enter upon his duties this morning as Commissioner of Public Works. It is necestary for him to take the oath of office before Mayor Wickham. He did not call on that official yesterday up to the hour for closing the executive departments.

THE SHERIFF'S RUMORED RE-MOVAL

Sheriff Conner emphatically denies the statements from Albany that Governor Tilden intends to remove him at the end of ten days if he should not produce William M. Tweed in court. Officials in the Sheriff's office assert that every possible effort has been made to secure the distinguished fuglitive, and that ever \$10,000 has been spent by Mr. Conner in the search. It is hinted, however, that the Governor views the scape in an entirely different light, and will act promptly when the time comes.

On the staff of Deputy Surveyor Colonel Burton the following inspectors have been appointed:—Green, Foster and Timmerman.

A small seizure of 300 cigars has been made from a Cuban passenger from Havana by Inspector Eagan, because the quantity was less than that allowed by law to be imported. The law states that not less than 3,000 cigars in a package can be legally imported. Honest passengers from Havana, who declare their tigars, have them seized by being in illegal packages. They then have to petition the Secretary of the Treasary to allow Deputy Collector Phelps, of New York, to release them upon payment of a fine tantamount to the duty. Why duty cannot be collected on them at the wharf is a Custom House mystery.

BUSINESS FAILURES.

Register Isaac Dayton, of No. 322 Broadway, has been appointed to take charge of the bankruptcy proceedings against Archibald Baxter & Co., late of No. 17 Broadway. Five creditors, whose claims represent about \$10,000, took the necessary steps to throw the firm into bankruptcy. The following claims have been filed:-Samuel Freeman & Co., \$3,203; Addison

Roberts, \$2,707, Buckholder & McCutcheon, \$1,501;
Henry W. Smith, \$1,450; H. E. Hicks, \$1,281. The firm
made an assignment last August to Dwight Johnson
under the State law.
Henry Wilson, of No. 24 Beekman street, label cutter, has gone into bankruptcy, his liabilities amounting
to about \$6,250, and his assets, which consist of machinery, being estimated at \$1,450. The principal

CREDITORS OF B. & P. LAWRENCE,

A meeting of the creditors of the suspended firm of B. and P. Lawrence, stationers, who failed some months ago, was held yesterday afternoon at the Astor House, Mr. Loutrel, of the firm of Francis & Loutrel, presiding. Mr. Frederick Lewis, the accountant who examined the books of the firm, reported that their limitities amounted to \$230,000, while the nominal assets would amount to \$150,000. This could be figured down to about \$120,000 after the stock was sold and the expenses of winding up the firm were paid. It was stated that about half of the firm's liabilities were owing to London creditors, the greator part of whom were represented by Mr. Loutrel and the Messrs. Seligman. A committee of the creditors recommended the adoption of the following resolutions:—

Resolved, That the creditors of B. & P. Lawrence settle with them on a basis of fifty cents on the dollar in five payments at six, twelve, eighteen, twenty-four and thirty months from the 1st of February, 1876.

Resolved, That the creditors have unlimited confidence in the honor of the Messrs. Lawrence.

It was further resolved that the creditors sign an agreement to the above terms and that all claims under \$200 be paid in each at the discretion of the Messrs. Mr. Loutrel, of the firm of Francis & Loutrel, presid-

THE STOVE FOUNDERS.

The National Association of Stove Manufacturers held their second day's session at Delmonico's, cornor of Fourteenth street and Fifth avenue, yesterday, President S. S. Jewett in the chair. Mr. Clement Olhaber, chairman of the committee to prepare the order of business for the day, reported as follows:---

Othaber, chairman of the committee to prepare the order of business for the day, reported as follows:

We recommend that the prices of 1875, as adopted at the Chicago Convention, are the bottom prices at which sloves can be sold, and we recommend that they be fully maintained; that a committee of five be appointed to induce the railroads of the country to change the classification of stoves as freight, so that the rates may be reduced to the lowest possible point; that a record of the names of all stoves now in use be made by the Secretary for the use of the members of the association and the trade at large, and that a list of all new names be sent to the Secretary, published and sent out mouthly to the members of the association. We recommend to the members of the association. We recommend to the members of the association. We recommend that all unnecessary ornamentation be dispensed with. We recommend that the executive session be held for the purpose of discussing matters of interest only to the members of the association. We recommend that the Executive Committee of the association be requested to meet at least one day previous to the meeting of the Convention to prepare business for the consideration of the same.

These recommendations were taken up seriation and, after some discussion, with slight changes, adopted. Mr. Rathbono made quite a long speech on the subject of freight, showing that the stove manufacturers loaded and unloaded the cars at their own expense, and were also responsible themselves for all breakage. Quite a discussion took place as to the manner of exhibitions of one stove to each manufacturers that have already applied, they could only afford room for the exhibition of one stove to each manufacturer.

Mr. Warren, of Troy, was in favor of having a committee appointed to see the Centennial Committee, that considering the number of stove manufacturers that have already applied, they could only afford room for the exhibition when freely applied, they could only afford room for the exhibit

WALL SYREET, THURSDAY, Jan. 20—6 P. M. As our readers well know, at all the great fairs and popular gatherings in the "old country" there appears some sort of show or other to attract the holiday rustic or the convivial clown. Columbine and Harlequin cut pigeon wings in front of the booth to allure the infrequent shilling which burns in Hodge's pocket, and the would be placid panther and the lethian iton of the side show are prodded into an appalling but perudious roar, The Barnoms of the Stock Exchange for the week past have set up their show and stirred up their animals The entertainment of a bull market has been duly advertised and offered to comers.

Tickets of admission have been proffered without

cost and the public has been respectfully invited to at-tend. But like many projected schemes of a like na-lowing are eleven o'clock quotations: ture, in spite of posters and attractive advertisements, outsiders have shown but little curiosity to assist at the exhibition, and there has scarce enough money been taken in at the doors to pay expenses.

The illustration we have indulged in pretty nearly figures out the condition of the Stock Exchange market to day. All the blandishments of a vigorous and advancing market have been offered to the public, but there has been but little response. Professionals have tossed the ball from one to another, as do players in the tall of a game in a cricket match, but it has fallen to the ground at the end.

So have fancy stocks been passed about for the past week, but players have become tired, and no new as-pirants for honors are hungering either to bat'or bowl Consequently, the market to-day is mert and passive, confined in its transactions to the struggles for "scalps," and utterly without interest, "devoid of form and void," Nevertheless, the official list of sales shows a very considerable amount of activity, which might at first blush be attributed to an increased outside inter-est, but an inquiry at the offices of old established commission firms compels us to the belief that as yet no general desire to trade in other than strictly investment securities has manifested itself.

THE STOCK MARKET. The sales to-day amounted to 132,000 shares, which were divided among active stocks as follows:-New York Central and Hudson, 1,445; Erie, 2,600; Lake Shore, 35,365; Cleveland and Pittsburg, 255; Northwestern, 5,900; Northwestern preferred, 1,150; Rock Island, 1,220; Pacific Mail, 19,000; St. Paul, 5,600; St. Paul preferred, 6,100; Ohios, 22,500; Western Union, 10,630; Wabash, 6,180; Union Pacific, 2,135; C., C. and I. THE PRODUCE EXCHANGE.

The Board of Managers of the Produce Exchange yesterday adopted the new provision rules, which have been approved by the Committee on Trade, and they will go into effect on the 31st inst. From that time there shall be two public calls each day, at halfpast twelve and two P. M., on mess pork, lard and box meats, and no offer to buy or sell shall be entertained at less difference than two and a half cents per cwt. on lard and meats, and five cents per barrel on pork. Either party to a contract prior to or upon signing the of \$2 per tierce on lard, and \$1 per barrel on pork and either party may call for margins to meet varia-tions in the market of not less than one-quarter of a cent per pound on lard, and fifty cents per barrel on pork. Disputes are to be settled by arbitration. The grain receivers refused to grant the demand of the weighers and elevators to increase the rate on weighing and elevating from a half to three-quarters of a cent per bushel. a cent per bushel.

A meeting of the petroleum trade will be held at No.
33 Pearl street, on Monday next, at half-past two P. M., to consider amendments to their rules.
